Dear Friend,

The bald eagle – our national symbol – was considered virtually extinct in Connecticut in the 1950s. Yet, four decades later, careful nurturing, responsible husbandry, and a heartfelt commitment by many led to the first successful nesting of bald eagles right here in our beloved Northwest Corner. Since then, Connecticut has continued to be a welcome home to the bald eagle, identifying 143 “fledglings” in the first ten years of this new century alone.

They always wanted to be here, to stay home. An eagle, regardless of its migration habits, is often known to build only one nest in its lifetime. It is the home it returns to each year; to be with its sole mate, raise its young, and surround itself with a familiar environment. In this case – Northwest Connecticut – one that is rich in beauty and natural resources.

Does the eagle’s tale sound familiar?

No matter where you travel or where your life’s journey takes you, I suspect that you, like us, find yourself called back home to Northwest Connecticut.

You, the region’s charitable people and Community Foundation fundholders, have been remarkable at both ends of the tale. Your giving has kept your town a safe, nurturing, and a desirable place to live. You support its schools, libraries, its day care centers, its arts organizations, its animal shelters, its natural places, its basic needs programs – and all the components that comprise a community. And, we are pleased and grateful to acknowledge, you often do so through this Community Foundation.

You also fulfill the other end of the tale. As a member of the Northwest Connecticut community, you have a place to which you belong, a place in which to work, to relax and enjoy life, to feel safe – a place of natural beauty, a stable base from which to explore the world and ultimately, to come home to.

Just like our eagles.

A home needs constant nurturing

The naturalists did not declare success in 1992 when the two eaglets were born. They knew – we knew – the painstaking, but joyous work had just begun.

Thanks to gifts and charitable funds like yours, the Community Foundation was able to award $3.4 million in grants and scholarships in 2014. Our region’s children are getting a great jump in literacy programs, high school graduates are able to pursue the college education they need to succeed, working families are obtaining the services and skills they need to be good neighbors, and seniors, the infirm, and the needy have more access to the resources they need to remain in their community with the dignity they deserve.

Did we say you make community happen?

The report in your hands (or on your screen) highlights the incredible outcomes you make possible. We’re pleased to help you or use your generous gifts to empower local nonprofits – from Salisbury to Washington, Hartland to Kent and every community in between.

In this report, you will read about innovative and impactful approaches – yours and ours – so that we can continue to call Northwest Connecticut home.

We think the bald eagles would be proud.

Sincerely,

Guy Rovezzi
President

Khurshed Bhumgara Creates a Legacy through the Khurshed Bhumgara Fund
In the Fall of 2014, the Community Foundation learned of the sudden death of board member and beloved community member Khurshed Bhumgara.

“Khurshed was more than a trusted advisor, a dedicated volunteer, confidant, advocate and friend,” said Guy Rovezzi, Community Foundation President.

Khurshed served on the Board of Directors of the Community Foundation. As the Chair of the Foundation’s Governance Committee, he spent countless hours ensuring that the Foundation’s policies and procedures embody its fiduciary obligations and model exemplary practices for other nonprofits to emulate.

Before Khurshed passed away, he set in motion what is now to become the Khurshed Bhumgara Fund at the Community Foundation. Established through a bequest, the unrestricted and endowed Fund will serve his beloved Northwest Corner through grants to nonprofits and scholarships to area college students.

Supporting organizations are similar to private foundations in that they operate with a separate board of directors with grant-making responsibilities, but because they operate under the “umbrella” of the Community Foundation, they operate more efficiently and with the benefits of a public charity. Directors enjoy a high amount of involvement in their philanthropy while benefiting from the Community Foundation’s expertise in grant, investment and administrative support.

INVESTMENT REPORT

The Community Foundation of Northwest Connecticut prides itself on providing prudent stewardship of a sizeable community endowment designed to benefit future generations of Northwest Connecticut citizens. Our investment objective is to maximize the endowment’s purchasing power by pursuing long-term investment results that exceed the spending policy—the amount needed for grants and expenses—plus inflation. This allows for sufficient and predictable growth to meet pressing community needs while providing capital preservation into the future.

The oversight and assessment of the Foundation’s investments are conducted by its Board of Directors and Investment Committee. Dedicated to the pursuit of strong returns within acceptable risk tolerances, the Investment Committee employs an asset-allocation strategy designed to capitalize on a well-diversified portfolio that performs well during a variety of market and economic conditions. In doing so, the Investment Committee considers past and expected future performance of available asset classes, including investment strategies of other community foundations, nonprofit endowments and charitable funds along with a variety of widely accepted performance benchmarks.

Performance
The 10-year net annual return ending December 31, 2014 is 7.87% and 20 years, 9.37%.
