What’s in a name?

At the Community Foundation, we have marked our forty six year history with extraordinary growth and transformation shaped by the benevolence and dreams of our friends and neighbors and the exemplary stewardship of volunteer community leaders from every corner of the region.

Guiding us in ways we could not have anticipated or imagined, people like you have informed our progress as a center of local philanthropy, creating an organizational identity brimming with resolve and purpose, one that has become the organic embodiment of our philanthropic DNA – by and for the citizens of Northwest Connecticut.

Our identity is by no means random, or accidental. Local citizens want to make a difference with opportunities to create lasting change in our Northwest corner communities. For our part, as aggregators of intellectual, social and community capital and collaborative agents of change for the greater good in Northwest Connecticut, it is our privilege to advance their charitable endeavors.

The Foundation's record of accomplishment in 2015 – the sum total of innovations, efficiencies and modern business practices we apply to local philanthropy is a source of pride and humility.

The following pages outline some of the new technologies and services we are developing to assist and educate our donors while we simultaneously implement creative strategies to support the needs of our nonprofit community.

Building on a record of over $4 million in grants in 2015 and fund investment returns that led the nation when compared to our community foundation peers, we are looking forward to tomorrow’s challenges with a commitment to performance and a vision of leadership that make us Northwest Connecticut’s Community Foundation, in name, in spirit, and in practice.

Yours truly,

Streamlined Scholarship Applications

Students applying for scholarships from the more than 30 scholarship funds at the Community Foundation can establish an account, and, after answering just a few questions, such as where did you go to high school? what town are you a permanent resident of? and in what are you majoring in? are presented with the descriptions of the many scholarships for which they qualify.

Students can move forward or backward through the flexible application as they answer questions or save their application and return to it until the deadline.

Supporting Organizations are similar to private foundations in that they operate with a separate board of directors with grant-making responsibilities, but because they operate under the “umbrella” of the Community Foundation, they operate more efficiently and with the benefits of a public charity. Directors enjoy a high amount of involvement in their philanthropy while benefiting from the Community Foundation’s grant and investment expertise and administrative support.

CORPORATE PARTNERSHIPS

Corporate Partnerships are customized corporate giving programs that align with the values and culture of individual companies. The right giving plan improves employee morale, builds brand visibility and recognition, fosters customer loyalty, and maximizes the impact of your company’s giving and its return in tax benefits. Corporate giving plans often include donor advised grant-making funds, match employee contributions, and offer contributions as part of employee-reward programs.

Cotiviti
Cotiviti of Atlanta, Ga. with offices in Connecticut is a leading payment accuracy provider that helps healthcare payers and retailers achieve their business objectives by unlocking value from the incongruities it discovers in complex interactions with stakeholders.

Gifts and Grants

In 2015, the computers were distributed to nonprofits throughout the Northwest Corner, including:

Unmatched Investment Performance
In addition to benchmarking the performance against market-driven indices, The Community Foundation compares its performance against its community foundation peers nationally. From initial date of participation in the council on foundations national survey, Northwest Connecticut Community Foundation consistently has ranked among the top of its peer group of $50 million – $99 million Community Foundations.

In 2015, Northwest Connecticut Community Foundation outperformed every community foundation surveyed in our peer group.
The Community Foundation of Northwest Connecticut prides itself on providing prudent stewardship of a sizeable community endowment designed to benefit future generations of Northwest Connecticut citizens. Our investment objective is to maximize the endowment’s purchasing power by pursuing long-term investment results that exceed the spending policy—the amount needed for grants and expenses—plus inflation. This allows for sufficient and predictable growth to meet pressing community needs while providing capital preservation into the future.

The oversight and assessment of the Foundation’s investments are conducted by its Board of Directors and Investment Committee. Dedicated to the pursuit of strong returns within acceptable risk tolerances, the Investment Committee employs an asset-allocation strategy designed to capitalize on a well-diversified portfolio that performs well during a variety of market and economic conditions. In doing so, the Investment Committee considers past and expected future performance of available asset classes, including investment strategies of other community foundations, nonprofit endowments and charitable funds, along with a variety of widely accepted performance benchmarks.

**Performance**

The 10-year net annual return ending December 31, 2015, is 9.4%; and 20 years, 8.5%.
